Approved For Release 2002/08/15: CIA-RDP83-00415R010500250008-9 CLASSIFICATION SACRET/CONTROL U.S. OFFICIALS ONLY SECURITY INFORMATION CENTRAL INTELLIGENCE AGENCY REPORT REPORT NO. INFORMATION REPORT CD NO. COUNTRY Brazil DATE DISTR. 15 Feb. 1952 SUBJECT Smuggling of Bort NO. OF PAGES **PLACE ACQUIRED** 25X1C DATE OF DO NOT CIRCULATE SUPPLEMENT TO INFO. REPORT NO. 25X1X 25X6 is no longer smuggled directly from Brazil to Europe, but is taken to Punta del Este, Uruguay, or Mar del Plata, Argentina, where it is sold to agents of the Soviet diplomatic missions in those countries. The new arrangement is more convenient because border controls between Brazil, Argentina, and Uruguay are lax, and because both Punta del Este and Mar del Plata are gambling resorts where the erratic movements of foreigners do not attract undue attention. Prices are so high that many stones which would otherwise be used for cheaper jewelry are sold as bort instead.
